

PEI LIFE

Advancing pro-life values on PEI.

The winner of the PEI Mother's Day Mother's Day basket, Jacqueline, is a beautiful woman of PEI. A new grandmom, a mom to five; she was a young widow and now a wife; she is also a homeschool educator of her youngest children. She personifies everything we hold dear in PEI – the beauty and strength to meet LIFE face on and not give up – **always choosing LIFE in all things!**

We had several nominations, and we were pleased to send a certificate of gratitude to each of the nominees. It is by raising up such PEI Powermoms that we witness to LIFE on PEI. Their example, and the example of so many Island women, empower us all to **choose LIFE in all things.**

A PEI Powermom is a mom who exemplifies the qualities of strength, wisdom, joy and perseverance. She is a woman of fortitude and insight providing care, love and guidance for her children, grandchildren and/or the many other children in her life. It is she who reaches out to other moms and supports others by listening and also by providing them the grace to comfort her when she needs support. PEI Powermoms are the golden thread woven through the souls of the families across Prince Edward Island.

PEI LIFE wishes to thank the donors who gave towards the Food Basket made of Island Products in a value of \$250.

In all things choose LIFE.
