Advancing pro-life values on PEI.

A Journey of a Dream... Nicole's story

Nicole originally comes from Saint Kitts, in the West Indies. Following her passion and dream to master the pastry arts, she is now a student at the Culinary School of Canada at Holland College. Making a dream come true is never easy and often filled with surprises. We all know that an unexpected pregnancy should never deter one from the pursuit of dreams. Here are her words:

"Earning a degree/diploma is essential to providing the basic care, and the best possible future for my daughter, hence the reason why I decided to return to college. Working at minimum wage, I thought to myself "How are we going to survive?" Shortly after being accepted into Holland College in PEI, I also found out I was pregnant with my second child. I sobbed bitterly. I just enrolled into the program of my dreams and things were starting to look good for me and my daughter. It felt like I took 100 steps back. I knew from the get-go, I was going to keep the baby even though the father wanted an abortion. It was never an option for me. I've always been pro-life no matter what the situation or circumstance was, poor or rich."

Courageously she continues: *"I was still terrified deep within about how I was going to take care of my daughter, have my next baby and finish college. I am determined to complete my post-secondary education, because now it is about my kids and making sure they have the best possible future."*

Your support allows her to say: *"This bursary will ensure that my tuition is covered, and I am able to complete the program without any hiccups. This is my dream and I will strive to ensure that I achieve it."*

Thank you for your support to help us reach all who need a helping hand to fulfill their dreams. Please help us to make the world a better place for all mothers and their children. Happy Easter! He is Risen! A New Day has dawned!

Together we can make a difference in the lives of local moms on PEI!

PEI LIFE is proud to offer an annual Educational Bursary for mothers who choose LIFE for their baby and who wish to pursue their education. LIFE and Education go hand-in-hand and should never be an obstacle to one another. Your donations help make a difference in not just one life, but three lives like Nicole's and her children. It is a beautiful tribute to a mom looking for a way to provide the best options for herself and her children.

PEI LIFE is honored to be able to assist her.
