

# Delivering Christmas stockings to power-moms across PEI

In December, we travelled across PEI and greeted over 40 young moms – to bless mothers who were nominated as ‘Power Moms’ on PEI. These **PEI POWER MOMS** all gave birth during the COVID pandemic and all these moms have said **YES to LIFE!**

Here’s a little photo collage to celebrate just a few of the many moments YOU helped make possible this past Christmas.

“My friend is my favourite mom. She is a mother to 7 children (ages 15, 14, 12, 10, 8, 5 & 1). She also homeschools all her children. She is a hard working mom with a compassionate heart for everyone.”

“My sister-in-law had her baby boy a surprising 3 weeks early and has been an amazing mother. She is a stable, loving mom, providing him with all the love he could ever receive. I am so in awe of how quickly she adopted motherhood.”

“My granddaughter has become a wonderful and loving Mom. Due to Covid, I couldn't be with her when she was giving birth or help her when they got home. I had to go look through her window just to see him.”
